## LOCATION Durango, Colorado

**WHAT** Located at Glacier Club, an exclusive residential community in the Animas River Valley, this 6,800-square-foot home was designed to capture views of its beautiful surroundings. Four bedrooms, four baths and two powder rooms, as well as an indoor exercise pool, wine cellar and array of ultra-luxe features, make this an ideal vacation retreat or year-round family home. Price includes an equity membership to Glacier Club.

**LISTING PRICE** \$4.65 million

**LISTING BROKER** Chuck Disney, Glacier Club, (866) 521-8569, [cdisney@theglacierclub.com](mailto:cdisney@theglacierclub.com)

## IRRESISTIBLE DETAILS

Perched atop a rocky crag overlooking Glacier Club's Cliffs Nine golf course, this beautifully detailed home is the result of a collaboration between *Classique Custom Homes* and numerous local craftspeople. Designed for easy entertaining, the home features a circular gathering room finished with walnut hardwood floors, an imported Italian limestone fireplace, a full bar and a series of eight-foot-high windows that afford 180-degree views of the golf course and glacier cliffs. A gourmet kitchen offers professional-grade appliances, Murano and custom-made glass light fixtures, imported mosaic tiles, and a striking herringbone-patterned brick paver ceiling. Outdoor living is effortless thanks to a large entertainment patio, with fireplace and built-in barbecue, that sits 300 feet above the golf course, and a lushly landscaped outdoor extension of the master suite, complete with a cozy fireplace and private shower paved with heated flagstones.
